

# The 8<sup>th</sup> Japan-Korea Liver Symposium (JKLS)

*“Current situation of virus related liver diseases in Japan and Korea”*

## PROGRAM

Date: July 17 (Sun), 2011, 9:00–12:00

Place: Shinryoku Kaikan, Kobe University School of Medicine

---

9:00-9:05 **Opening Remarks:** Saburo Ohnishi (Kubokawa Hospital)

9:05-9:40 **Chairperson:** Kwang Hyub Han (Yonsei Univ.)

[1] Characteristics of patients with chronic hepatitis B who can successfully stop administration of nucleot(s)ide analogues **Eiji Tanaka** (Shinshu Univ.)

[2] When to stop oral nucleot(s)ide analogues in patients with chronic hepatitis B? **Soo Hyung Ryu** (Inje Univ.)

9:40-10:15 **Chairperson:** Young Hwa Chung (Ulsan Univ)

[3] HBV serology to predict antiviral response in chronic hepatitis B **Sang Hoon Ahn** (Yonsei Univ.)

[4] Predictors of spontaneous HBsAg clearance in HBeAg (–) patients with chronic HBV infection **Min-Sun Kwak** (Seoul Univ.)

---

10:15-10:25 **Coffee Break** (10 min.)

---

10:25-10:40 **Chairperson:** Okio Hino (Juntendo Univ.)

[5] HLA-DRB1\*010101 allele closely associates with poor virologic response to lamivudine therapy in patients with chronic hepatitis B

**Young-Joo Jin** (Ulsan Univ.)

10:40-11:15 **Chairperson:** *Hyo-Suk Lee (Seoul Univ.)*

[6] IL28B and ITPA help to personalize hepatitis C treatment

**Yasuhito Tanaka** (Nagoya City Univ.)

[7] Viral and host genetic factors associated with the response to interferon therapy to HCV in Japan

**Nobuyuki Enomoto** (Yamanashi Univ.)

11:15-11:50 **Chairperson:** *Soo Ryang Kim (Kobe Asahi Hospital)*

[8] Clinical features of virus unrelated (non-B, non-C) hepatocellular carcinoma

**Soo Ki Kim** (Kyoto Univ.)

[9] Etiology of HBsAg- and anti HCV- negative HCC in an HBV endemic area of Korea

**Eun Ju Cho** (Seoul Univ.)

11:50-11:55 **Closing Remarks:** Okio Hino (Juntendo Univ.)

JKLS Organizing Committee

**Japan:** Okio Hino (Juntendo Univ.), Masatoshi Kudo (Kinki Univ.), Soo Ryang Kim (Kobe Asahi Hospital)

**Korea:** Kwang Hyub Han (Yonsei Univ.), Young Hwa Chung (Ulsan Univ.), Hyo-Suk Lee (Seoul Univ.)
